

## MANY DEMOCRATS TO CAST FEW BALLOTS IN SANTA FE MEETING

Las Vegas Aspires to Walk Away With Many of the Important Plums Which the Democrats Can Dish Out—San Miguel County to Receive Careful Consideration; Republicans Neglected It.

By GUTHRIE SMITH.

SANTA FE, N. M., Aug. 28.—Numerically at least, the Democratic state convention which is to be assembled here Wednesday morning, bids fair to exceed the Republican convention of last week by a wide majority. The number of votes in the Democratic convention will be 31 less than the Republican, but this difference will be far more than equalized by the election of double, triple and quadruple delegations by a large number of the counties. The Republican state central committee, in issuing the call for the convention, declared against the election of anything in excess of the allotted delegates, but the Democratic committee encouraged the election of an increased number of persons to cast the allotted number of votes.

**Big Crowd Expected.**  
The result of this policy will be to bring to Santa Fe a host which will tax the city to its utmost to provide quarters and accommodations. Estimates of the number of visitors to be taken care of run as high as 1000, and from present indications, it would seem that these estimates are not high. Jose D. Sena, chairman of the entertainment committee, and Earle P. Doyle, secretary of the chamber of commerce, continue to make appeals to the people who have available rooms in their homes, to list their rooms with the committee, so that sleeping quarters may be provided for all. On Monday, Tuesday and Wednesday nights of last week, the chamber of commerce office was kept open early all night, to see to the assigning of visitors to rooms.

**Bernalillo's Delegation Largest.**  
Bernalillo county held a big rally with speakers in attendance from the state capital, and selected 72 men to attend the state convention and cast the 18 votes of the county. This county had the same number of delegates in the state delegate convention, which was held in Albuquerque on May 24, and when there was a division of the delegation upon any question or man, the vote was announced in quarters. Santa Fe county has elected 33 delegates for its 11 votes, and McKinley county is sending 15 instead of five. Thus these three counties alone have selected more than half the total number of votes allotted to the 25 counties.

**To Tackle San Miguel.**  
San Miguel, the banner Republican county of the state, and with its 20 delegates under full control, has absolutely shut out from the pie counter last week. Secundino Romero, its candidate for governor, was overwhelmingly beaten, and not another candidate was put up. The Democrats, with a sort of painful minority prevailing, will have to give more consideration to the county of Saint Mike.

Four of the candidates most prominently mentioned for Democratic honors are residents of the county. The one and foremost is A. A. Jones, until last week first assistant secretary of the interior, and certain to be the nominee for the United States senate. E. C. de Baca, present lieutenant governor, and often mentioned in connection with the nomination for representative in congress, is another.

## CULBERSON HAS 70,000 MAJORITY

Returns From 220 Counties, 103 Complete, Make Certain Colquitt's Defeat.

Dallas, Texas, Aug. 28.—United States senator Charles A. Culberson has been re-elected. With practically all results from the run-off election Saturday received, senator Culberson's lead over former governor Colquitt has not been diminished. Indications today were that Texas would return her former senator to Washington by a majority of about 70,000.

The following figures show the returns from 220 counties, from 103 of which the vote is complete: Culberson, 152,947; Colquitt, 83,455.

**Culberson Carries Border Counties.**  
Senator Culberson carried every county on the Mexican border except Presidio county, in which only 23 votes were cast, 43 for Colquitt and ten for Culberson. Only about two-thirds of the voting strength of Texas was exercised in the primary.

In the July primary, in which there were five candidates, Colquitt received about 20,000 more votes than Culberson, but lacked two-thirds majority of the total vote cast.

Pecos county gave Culberson 115 votes and Colquitt 16.

Chicago, Ill., Aug. 28.—Henry J. Mr. Allen is on his way to Maine to campaign in that state for the Republican ticket.

**MARR AND GOEN TO RUN FOR STATE LEGISLATURE**

**FEW TEXAS OFFICIALS GO HOME TO CAST VOTES.**

Austin, Texas, Aug. 28.—Comparatively few of the state officials went to their old homes to vote in Saturday's election. Among those who left were governor Ferguson, railroad commissioner Allison Mayfield and Capt. J. A. Owens, state superintendent of public buildings and grounds, he went to Galveston, while the governor went to Temple and commissioner Mayfield to Sherman.

The annual picnic supper was arranged by the committee, composed of C. Porter, Charles R. Russell and Joe Nealon.

### Put Bandage On Fake Cut; Rob Druggist of Watch and His Sympathy

A ruse worked by two men that one of them was injured and needed a bandage resulted in the theft of a watch valued at \$75 from the pocket of a coat owned by D. Chipps, in the rear end of the Peoples' Drug store on San Antonio street, Sunday night. According to Chipps, he was approached by two men, who, after purchasing a bandage, asked that they be allowed to put it on in the store, as one had been injured. To this Chipps consented and allowed the men the use of the back room. When they had gone, he discovered that his watch had been taken.

### MANY ROBBERIES ON HUECO STREET; OFFICER NOW WATCHES

Attempts by burglars to enter homes in the 3500 block of Hueco street has caused police chief B. J. The order of chief Zabriske followed a number of telephone calls by residents of that section asking that in view of the number of attempted burglaries, an officer be detailed. Sunday night an attempt was made to enter a residence at 3215 Hueco street, but the man was frightened away by neighbors before he managed to effect an entrance.
